NOTE FOR:

IMO/OIT/DDA

STAT

FROM:

Executive Assistant/DDA

SUBJECT: Reports by Transactional Costs Task Force

MANH

1. Per our discussion, attached are copies of the four reports issued by the Transactional Costs Task Force. The call for additional areas of concern included in the covering memorandum of the fourth report elicited little response and the only remaining business of the Task Force is to ensure that regulations being rewritten are completed. This effort is about 99% complete.

2. I hope you find the information contained in the reports useful. Comments provided by senior managers substantiated the feeling that this was a very successful exercise. Please call if you have any additional questions.
